SUBJECT: Notice of Receipt of Permit Application(s)
In Lake County

Dear Sir/Madam:

This is your notification that the St. Johns River Water Management District (District) has received the permit application(s) listed below. The District is providing you this Notice of Receipt of Application because you are listed as a County Interested Person.

Standard General and Standard ERP Permit Applications

Permit #	Project Name
40-069-124572-2	County Road 466A
42-069-132264-1	Tractor Supply Project
42-069-93366-6	Hancock Commons @ Hancock Rd & SR 50 (Ltr Mod)

Click on the link(s) above to view a copy of Section C - Environmental Resource Permit Notice of Receipt of Application and a location map for each permit application applied for within the above referenced county.

The file(s) containing the permit application(s) are available for inspection Monday through Friday, except for District holidays, 8 a.m. to 5 p.m. at the District's Headquarters, 4049 Reid St., Palatka, FL 32177-2529. You may also view files at one of the District's Service Centers, but you should call Service Center staff in advance to make sure that the files are at a specific Service Center. Service Center contact information is available online at <http://floridaswater.com/contactus/offices.html>. Additionally, most permit application file documents can be viewed online at <http://floridaswater.com/permitting/index.html>. To obtain information on how to find and view a TSR or other permit application file documents, visit https://permitting.sjrwmd.com/epermitting/html/EP_FAQs.html and then follow the directions provided under "How to find a Technical Staff Report (TSR) or other application file documents."

The decision on Standard General and Standard permit applications will be made at the District's Service Center where the application is processed, unless the application is upgraded to an Individual permit as explained below. A substantial objection to a Standard General or Standard permit application must be made in writing and filed with (received by) the Director, Bureau of Regulatory Support, PO Box 1429, Palatka, Florida, 32178-1429, or by e-mail at applicationsupport@sjrwmd.com, within 14 days of notification of the application. Please include either the Permit Application number or the Project Name in the objection. Notification of the application shall be deemed to be the date on which the notice was emailed to you (not the date you open it). A "substantial objection" means a written statement directed to the District that identifies the objector, concerns hydrologic or environmental impacts of the proposed activity, and relates to applicable rule criteria. A timely substantial objection will cause the Standard General or Standard permit application to be considered an application for an Individual permit. If the District receives a timely substantial objection from you, then you will receive written notice of the District's intended decision on the permit application.

Please note that decisions on Individual permit applications will be made either by the District's Executive Director or designee (for those applications which are recommended for approval) or by the District's Governing Board (for those applications which are recommended for denial). For Individual permit applications, you are advised to notify the District within 14 days of receipt of this letter if you have questions, objections, comments, or information regarding the activity proposed in the permit application. If you make a written request to the District for additional information regarding a specific permit

application, you will be provided an opportunity to obtain the available information. Please note that filing a written objection does not entitle you to a Chapter 120, Florida Statutes, administrative hearing.

Notice of intended (proposed) District Decision will be provided to persons who have requested individual notice. A request for individual notice of intended (proposed) District Decision on the application must be received by the District's Director of the Bureau of Regulatory Support prior to the date the notice of intended (proposed) District Decision is generated.

Posting Note: This Notice was posted on the District's Web Site on November 09, 2012.
